
Philips
Layered protective case

for iPhone 4, 4S

DLM4348

Two layers snap together

for protection and a unique look

The unique ArmaDuo design combines a hard plastic exterior with a rubberised interior layer. Together, these layers offer improved protection against impact and shock. Includes interior layers in 2 colours for variety.

Attractive protection

- Fun, exciting colour combinations

Protection on the go

- Honeycomb construction deflects vibration and dissipates shock
- Hard and soft dual-layered protection against impact and shock
- Slim design fits easily into your bag
- Hard plastic exterior protects against impact
- Rubberised interior layer protects against shock.

Convenient access

- Access to all controls and dock connector

PHILIPS
sense and simplicity

Layered protective case
for iPhone 4, 4S

DLM4348/10

Specifications

iPhone compatibility
- Compatible with: iPhone 4

Design and finishing

Packaging dimensions
- Packaging type: Box
- Number of products included: 1
- Packaging dimensions (W x H x D): 10.16 x 17.8 x 2.5 cm
- Gross weight: 0.091 kg
- Net weight: 0.045 kg
- Tare weight: 0.046 kg
- EAN: 87 12581 61073 9

Outer Carton
- Number of consumer packages: 36
- Outer carton (L x W x H): 32.39 x 28.58 x 18.54 cm
- Gross weight: 1.75 kg
- Net weight: 1.62 kg
- Tare weight: 0.13 kg
- GTIN: 1 87 12581 61073 6

Inner Carton
- Number of consumer packages: 6
- Inner carton (L x W x H): 17.78 x 13.67 x 9.5 cm
- Gross weight: 0.29 kg
- Net weight: 0.27 kg
- Tare weight: 0.02 kg
- GTIN: 2 87 12581 61073 3

Highlights

Access to all controls
The openings on this case allow convenient access to all controls and the dock connector, so you can use your device while it's protected inside the case.

Slim design
This case is designed to add protection with minimal bulk, so you can easily carry your device in your bag or backpack for protection on the go.

ShockStop
ShockStop protects devices with a walled tri-form construction that dissipates shock. Unlike a solid surface that can conduct vibration, the segmented ShockShock surface pattern interrupts and stops reverberation.

Fun, exciting colours
The fun, exciting colour combinations of each layer of the case let you express your personal style while protecting your device from both impact and shock.

Hard plastic exterior
The hard plastic exterior acts as an exoskeleton to provide protection against impact.

Rubberised interior layer
The rubberised interior layer provides strong protection against shock.

ArmaDuo
ArmaDuo construction protects devices by combining a hard plastic exterior with a softer, more pliable interior layer. Together, these layers offer improved protection against impact and shock.
